

THE CAMPUS LEAGUE

The Ilmenau eSport Campus League, is a series of online and offline competitions in different eSport and gaming categories. First organized and hosted by Ilmenau eSport e.V. in the winter semester 22/23, each competition is about collecting points for the participants to qualify for the grand finals at the end. The goal is to determine the best gaming all-around talent in Ilmenau.

THE QUALIFIER

WS 23/24

League of Legends

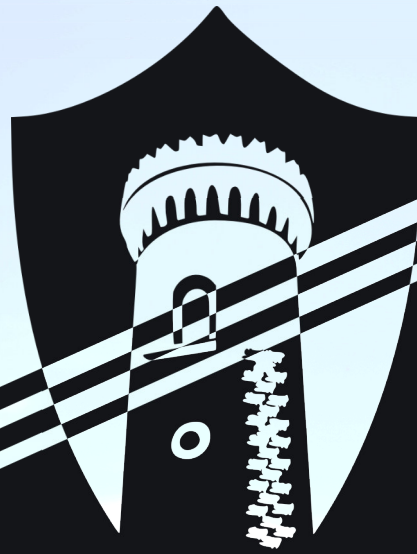

Rocket League

Minecraft: Bedwars

Not qualified, but still
want to play in the finals?

Win the Wildcard
tournament right
before the finals

NEW IN WS 23/24

ILMENAU ESPORT CAMPUS LEAGUE

FINALS

FEB. 04.

5 PM.

THE WILDCARD TOURNAMENT

This year, for the first time, a wildcard tournament will take place before the actual final. Anyone who has not already earned their place in the final via the previous qualification tournaments will have the opportunity to play in the final after all. The wildcard tournament will take place directly before the final at the event and will be played offline.

If you register for the final via the form, you can also indicate your participation in the wildcard tournament.

THE FINALS

In this final stage of the tournament, the best player from TU Ilmenau will be determined. Ten players have qualified over the semester, two more via the wildcard tournament, but only one can win. In several rounds and various games, the number of remaining finalists will be reduced further and further in good old battle royale style, until in the end only two talents are left to face each other. It will be decided between them who can call themselves Ilmenau's "Campus League Champion" this winter.

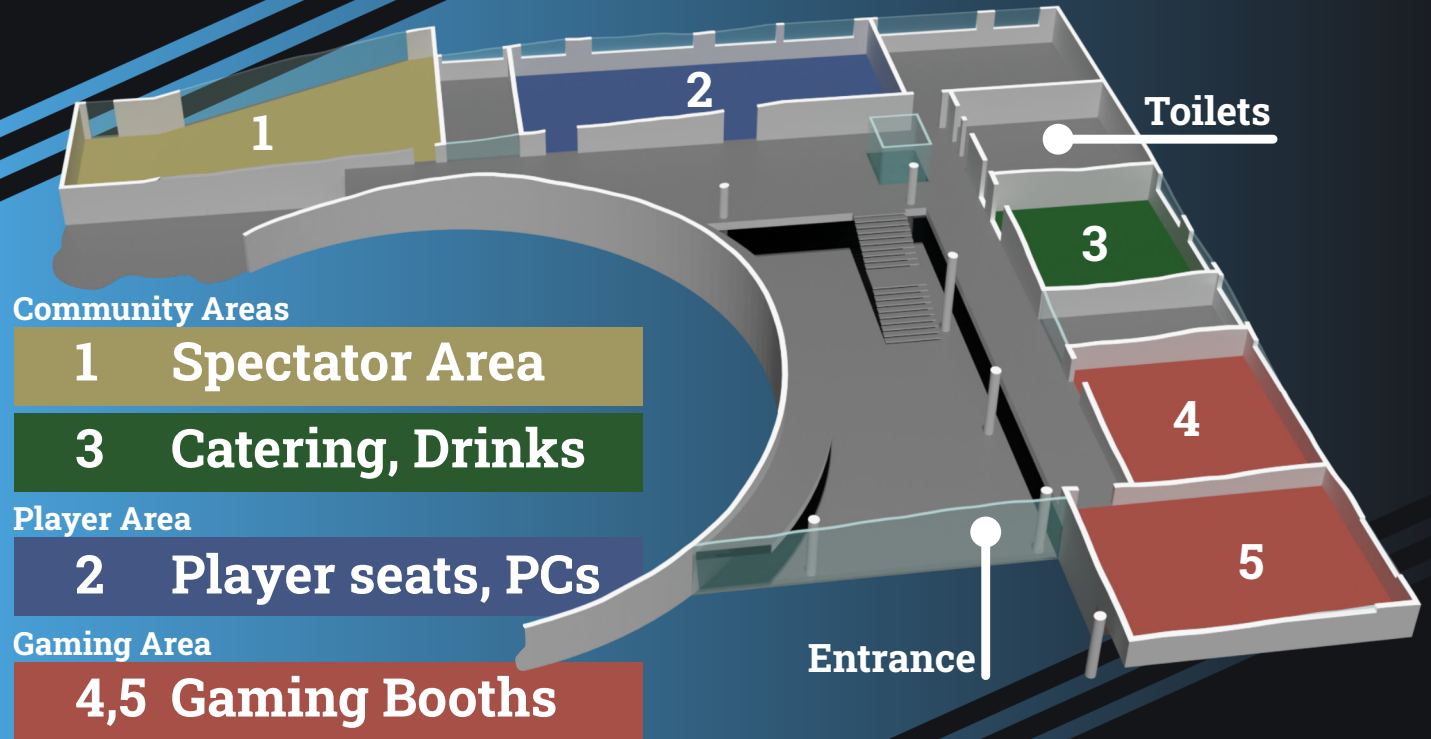

PCs, consoles and board games will be available for entertainment between rounds. There you can challenge other visitors or the finalists themselves, simply for fun or to show them that you are still superior in one game or another. The ILSC e.V. will be providing free snacks and refreshments.

For better planning, please register for the event free of charge.
